NOTIFICATION.

Fort St. George, September 6, 1924 [*G.O. No. 193, Law (Registration).*]

No. 79.—The instructions regarding the submission of returns of baptisms and burials of European and Anglo-Indian Christians appended to G.O. No. 606, Public, dated 18th August 1905, which have been amended by Government are published in the *Fort St. George Gazette.*

APPENDIX A.

INSTRUCTIONS REGARDING THE SUBMISSION OF RETURNS OF BAPTISMS AND BURIALS OF EUROPEAN AND ANGLO-INDIAN CHRISTIANS

In addition to the quarterly returns of marriages required under the Indian Christian Marriage Act XV of 1872, the Government require the submission for statistical and other purposes of quarterly returns of baptisms and burials of European Christians, i.e., of all Christians of European birth or descent, or of mixed European and native descent.

2. The persons who are required to submit these returns to the Registrar-General of Births, Deaths and Marriages are—

(1) The Registrar of the Diocese, who collects them from (*a*) Chaplains of the Church of England in the service of Government; and (*b*) clergymen other than Government Chaplains ministering under the Bishop's licence.

(2) The Presidency Senior Chaplain of the Church of Scotland who collects them from clergymen of the Church of Scotland.

(3) The Roman Catholic Bishops, who collect them from the various Roman Catholic Registering officers within the Presidency.

(4) Ministers of Religion licensed to solemnize marriages under section 6 of the Indian Christian Marriage Act, and any other ministers not included in any of the before-mentioned classes, as well as ministers of the Baptist denomination, who furnish in lieu of returns of baptisms copies of the returns of births of European members of the Baptist community in the register of births maintained under Act VI of 1886.

3. The forms of returns to be used are prescribed in Appendices A to C.

4. The returns should reach the Registrar-General of Births, Deaths and Marriages within one month after the close of each quarter.

5. The returns relating to baptisms and burials for each quarter should be kept distinct and should not contain entries relating to other quarters.

6. The returns should include no entries in respect of Indian Christians.

7. When no baptisms or burials have been recorded during any quarter, a certificate of no occurrence (Appendix D) should be forwarded.

8. In order that the records of burials of European and Anglo-Indian Christians should be complete, all such burials whether performed by clergymen or laymen, should be included in the returns sent to the Registrar-General. Burials performed by laymen in the absence of the Chaplain at places where there are churches should be registered in the register book kept in the

church, and will be included in the returns submitted by the chaplain or clergymen in charge of the church. With regard to burials performed at places where there is no church, the District Magistrate should report every burial performed by a layman within his jurisdiction to the resident chaplain or, if there is no resident chaplain, to the visiting chaplain or minister within whose charge the burial has taken place. In the case of burials performed at places not visited by any chaplain or minister, the report should be made to the nearest clergymen.

9. The reports made by District Magistrates to chaplains and clergymen should include the names of all European and Anglo-Indian Christians buried by layman whether the funeral service was conducted according to the form of the Church of England or not.

10. A chaplain or clergymen receiving such a report should forthwith copy the certificate into his register of burials taking care that the place of burial is invariably entered. Copies of such entries should be forwarded quarterly to the Registrar of the Diocese along with other extracts from the register.

11. The rules prescribed for reporting and registering burials performed by laymen apply *mutatis mutandis* to such baptisms, according to the English rite, as have been certified to the licensed clergyman of the place according to the subsic.

12. A list showing (1) the stations at which chaplains usually reside and (2) the outstations visited by chaplains and other clergymen is given in part XXIII of the Annual Civil List.

13. Forms of returns to be submitted under these rules will be supplied gratis by the Superintendent, Government Press, on applications.

Fort St. George, October 29, 1924 (G O No. 3019, L & M)

No. 1078.—Clause (vi) of the rule issued with G.O. No. 731, L. & M., dated 28th March 1924, provides that the travelling allowances drawn by the vice-president or a member of a local board when exercising the full or partial powers of the president of the board shall not be taken into consideration in calculating the total travelling allowances drawn by the president. In view of the slender resources of local boards and the comparatively large expenditure which the payment of travelling allowance to presidents, vice presidents and members of local boards involves, the Examiner suggests that the above restriction may be revoked. The Advisory Committees for Local and Municipal and Public Health Administrations recommend the suggestion. The suggestion is accepted and the appended notification amending the rule will be published in the *Fort St. George Gazette*.

APPENDIX.

NOTIFICATION.

The following draft of an alteration, which the Government propose to make in the rule relating to the payment of halting and travelling allowances to non official members of local boards including presidents and vice-presidents published in notification No 303 at pages 163–164 of Part I-A of the *Fort St. George Gazette*, dated 3rd April 1923, is published for general information under clause (a) of section 208 of the Madras Local Boards Act, 1920. It will be further proceeded with after six weeks from the date of publication of this notification.

Draft Alteration.

In clause (vi) of the rule, *for* the words "nor shall the travelling allowances drawn by him be taken into consideration in calculating the total travelling allowances drawn by the president" the following words shall be substituted :—

but the travelling allowances drawn by him in the exercise of such powers shall be taken into consideration in calculating the total travelling allowances drawn by the president."

STAFF SELECTION BOARD.

APPOINTMENT OF CLERICAL STAFF IN GOVERNMENT OFFICES IN THE CITY OF MADRAS.

NOTICE TO APPLICANTS.

Candidates who have sent in their applications already are required to submit on or *before the* 10th *November* 1924 a certificate in original from a registered medical practitioner giving their height and chest measurement and stating that they have no defect obviously unfitting them for Government service as clerks. No certificate which does not contain the above information or which has not been granted recently or in which the signature is not affixed above the words 'Registered Medical Practitioner', will be accepted.

N.B.—No candidate who did not send in his application on or before 1st September 1924 will be admitted to the examination under any circumstances.

2. Candidates should pay a fee of Rs. 5 into a Government Treasury, or, if at Madras, into the Imperial Bank of India, Madras, and send the receipt given by the Treasury Officer or the Imperial Bank along with the medical certificate. On no account will the fee be received by the undersigned whether sent in cash or by Post Office order.

Each candidate should enter in the chalan for payment of the fee the following head of receipt:—

"XXXV-D—Miscellaneous—Miscellaneous—other items."

The fee will not be returnable under any circumstances. Candidates are warned to study carefully the notification already published and satisfy themselves, before remitting their fees, that they fulfil the prescribed conditions.

3. An examination will be held, in December, and the list of candidates to be declared by the Board as being eligible for appointment as clerks, may not be ready before January 1925. The names of persons whose age will exceed 25 on the 1st February 1925 will not be included in this list. As no person who is over 25 years of age is ordinarily eligible for appointment to the Public Service, and as it may be some time before an applicant whose name is borne on the eligible list secures an appointment, each candidate should consider the possibility of his not being appointed while he is still below 25 years of age before he remits the necessary fees.

4. The question paper in each of the three subjects (English Composition, Précis-writing and General knowledge) will be of three hours' duration. A notification specifying the date, hour and place of examination in Madras will be published later in the *Fort St. George Gazette*, and candidates will be expected to ascertain these particulars from this notification. No separate communication regarding them will be issued to candidates.

5. Candidates whose medical certificates and fee receipts do not reach this office on or before the 10th November 1924 will not be permitted to appear for the examination; those who are otherwise found ineligible to appear for the examination, will receive intimation to that effect.

6. After the examination is over, the selected candidates will have to present themselves before the Board. Intimation as regards the date, hour and place of interview in Madras will be given to the candidates concerned.

7. The Board selects persons only for direct recruitment, and accordingly no person who already holds a permanent appointment on the clerical staff in the service of Government will be admitted to the examination.

Candidates are also informed that they must bring their drawing instruments with them for those subjects which require plans to be copied or scales and diagrams to be drawn. The drawing paper required will be supplied to them at the examination.

Candidates in *Surveying and Levelling* (*Higher grade only*) will be allowed to bring with them their mathematical tables for use in the examination.

Candidates in the subjects, the practical examination in which requires the use of tools, etc., must bring their own tools, etc., with them.

Candidates in Book-keeping, Commercial Geography, Shorthand and Type-writing will be expected to bring with them for use in the examination hall their own rulers, erasers, knives, pencils and pens.

Candidates for examination in the subjects under 'Commerce' will be allowed also to bring with them ink of two or more colours (other than black ink) for map-drawing, drawing lines in Book-keeping, etc.

Candidates in shorthand will be allowed to transcribe their shorthand notes with a type-writer. They will not be supplied with any 'thick' paper for the purpose, but will be allowed to bring with them their own 'thick' paper, if they wish to use such paper. The use of carbon paper will on no account be allowed in transcribing the shorthand notes with a type-writer. If the machine used by a candidate, however, goes out of order, no extra time will be given to him to compensate for loss of time while the machine is out of order and being put right.

Candidates in type writing will have to bring their own type writers also and the necessary carbon paper with them and must specify clearly on their answer papers the particular kind of machine used by them as, otherwise, their answer papers will not be valued.

Candidates in Drawing, Design, Painting, Modelling and Engraving should provide themselves with all necessary materials for the examination, except the material to be worked upon, viz., paper, canvas, etc., which will be supplied. They will not be permitted to have with them any other articles than those allowed by the regulations for the examinations in the different subjects, which are as follows:—

Free-hand Outline and Model Drawing (*all grades*).—Drawing board, pins, pencils, knife, rubber, charcoal, crayon, bread crumbs, plumb-line.

Design (*all grades*).—Drawing board, T-squares, set-squares, compasses, pencils, rubber, knife, tampera or water-colours, brushes.

Geometrical Drawing (*all grades*).—Box of mathematical instruments, drawing-board, T-square, set-squares, pencils, rubber, knife.

Painting (*all grades*).—Drawing-board, pencils, rubber, knife, charcoal, crayon, box of oil or water-colours, sponge, plumb line, brushes.

N.B.—(1) In the first two papers of both the Lower grade of the Freehand Outline and Model Drawing Examination, measuring with any mechanical instruments except the pencil used for the drawing is strictly forbidden and any candidate found using any such instruments is liable to be disatimed from the examination room and to have his paper cancelled.

(2) Drawing paper for the examination in which tempera or water-colours are used should be properly stretched a day or so previous to the examination. For the Design and Painting examinations candidates will be allowed to make the rough outline drawing on separate paper and transfer it to the stretched paper; but under no circumstances will they be allowed to use a ruler in the Painting examination.

Modelling (*all grades*).—Modelling tools, plumb-line, compasses, water-sprinkler.

Engraving (*all grades*).—Gravers of various kinds, eye-glass, mirror, pencils, knife.

II. The following arrangements are made for the conduct of the examinations:—

NOTICE TO MADRAS CANDIDATES.

IV. Candidates who have applied to be examined at Madras are informed that they will have to sit for their examination at places—*vide* paragraph II *supra*.

No hall tickets will be issued (except in the case of Typewriting—Lower), but a copy of the nominal list will be posted on the notice board at the entrance to the several places of examination (*vide* paragraph II *supra*) on the 10th November, and candidates are expected to learn their register numbers from this list.

NOTICE REGARDING THE EXAMINATION IN TYPEWRITING.

Both at Madras and in the Mufassal.

V. Candidates coming up in typewriting must bring with them their own typewriters—the Remington, Remington Portable, New Model Remington No. 12, Yost, New Century, Smith Premier, Densmore, Empire, Underwood, Underwood Portable, Oliver, Armstrong, Standard Folding, Stearn's Visible, Sun Typewriter, Fox Visible, Salter, Victor Typewriter—Model No. 3 and No. 10, Monarch,

* For Cotton-weaving and Needlework and Dress-making only.

Noiseless, Wood Stock Standard, Royal Standard No. 10, Rex Visible, Molle, Mercedes, Demountable, Elite or L C. Smith & Bros. machine. The candidates will, if necessary, be examined *in batches*, but at least every *four* candidates for the Lower grade and at least every two candidates for the Higher grade must have one machine among them.

In the mofussil.—Heads of the institutions who are desirous that their pupils should be examined in batches and private candidates who desire to be similarly examined should make the necessary arrangements with the Chief Superintendent concerned *two* days before the examination and furnish him with all necessary information as to the number of candidates and machines and the time at which each batch should attend on the day fixed for the examination.

At Madras.—Heads of institutions and private candidates should make similar arrangements with the Secretary to the Commissioner for Government Examinations on the 20th November between 11 a.m. and 5 p.m. at the Old College, Nungambakkam.

At Madras.—In the case of candidates for the Lower grade, tickets of admission specifying the particular batch (first or second and so forth) to which they elect to appear will be issued on that day. These tickets should be shown at the entrance. Candidates who produce tickets will be admitted to the batch specified in the tickets. Candidates who do not provide themselves with tickets cannot claim to be admitted to any particular batch. They will be admitted only if spare seats are available in the hall, i.e., after seats are reserved for those who have registered their names and obtained tickets for the batch. Candidates who do not hold tickets will accordingly have to wait at the entrance from the hour of commencement of the first batch and take their chance of being provided with seats in the first or in any subsequent batch. To avoid all inconvenience and possible disappointment, heads of institutions and private candidates are particularly requested to call at the office on the 20th November and obtain tickets. No tickets can on any account be sent by post whether to heads of institutions or to private candidates.

Candidates for the Higher grade may appear for the first or second batch at their option and no tickets accordingly are issued for this grade.

At Madras.—Managers and instructors of institutions and other persons who wish to be allowed into the examination hall to inspect the machines and remedy any defects should call at the office on the 20th November and have their names registered. Tickets of admission specifying their names, the institutions to which they belong, etc., will be issued to them and these should be produced at the entrance to the examination hall.

Candidates that have such a separate machine and that do not want to be examined in batches are expected to appear for their examination with the third batch for the Lower, and with the second batch for the Higher, examinations.

Managers and instructors of institutions concerned will be allowed into the examination rooms *in the intervals between the examinations of the various batches* to inspect the machines and to remedy any defects.

If a candidate reports to the Superintendent that his machine has gone out of order, the Superintendent will intimate this to the instructor, if he is waiting outside on the premises, who will proceed to enter the hall or room (though the candidates may be at work) to inspect the machine and to remedy the defect or to supply another machine. It must, however, be clearly understood that the Superintendent incurs no responsibility in this matter; his action will be purely *ex gratia*, the whole responsibility resting on the candidate and the manager or instructor.

A similar concession will be allowed in this case of a private candidate, if he has some one outside who is willing to inspect the machine and put it right, etc.

No extra time will be given to candidates to compensate for loss of time while the machine is out of order and being put right.

Attention is drawn to the following rules:—

1. No candidate will be allowed to enter the examination room unless he wears a clean and decent dress, and in all cases where good manners require it, a suitable covering for the head, nor will he be allowed to keep his shoes on unless they are shoes of English pattern, and socks and trousers are worn also.

No candidate suffering from any contagious disease will be admitted to the examination room.

2. No candidate will be allowed to quit the examination room on any day until the expiration of half an hour from the time fixed for the commencement of the examination, and candidates arriving after the expiration of that half hour will not be admitted.

3. No candidate will be allowed to re-enter the examination room during the hours of examination after once quitting it, nor to leave the room without finally giving up his answer papers.

4. Any candidate detected in speaking to, or in any way communicating with, any other candidate will be at once removed from the room and the circumstance reported to the Commissioner.

5. Any candidate who does not behave properly towards the Chief and Assistant Superintendents of the examination or is suspected of having had recourse to malpractice of any kind is liable to have his examination invalidated and also to be debarred from appearing again for any of the examinations under the control of the Commissioner for such term of years as the Commissioner may think fit; or, *if the Commissioner is not satisfied for any reason whatever as to the trustworthiness of his results*, he may be required to undergo a re-examination at some future date to be fixed by the Commissioner in any one or more of the subjects of the examination for which he appeared, his success or failure being determined on the results of such re-examination.

6. *No candidate will, on any account, be allowed to take into the examination room ink, slates, books, ruled sheets, manuscripts or papers of any kind.* Any one detected in the violation of this rule or having recourse to any unfair practices will be removed from the room, and the occurrence reported to the Commissioner. The use of mathematical instruments for drawing figures or ruling lines will, however, be allowed.

7. Candidates whose names are not in the printed list furnished to the Superintendents must submit a written declaration through the Superintendents giving full particulars in regard to themselves, including their address, and furnish such evidence as may be possible of their having applied for admission to the examination at the proper time and paid the prescribed fees. The answer papers of such candidates will not be valued unless it is clear that the omission of their names is due to no fault of theirs.

8. Candidates choosing to change their place of examination without previous permission, or appearing at any centre other than the one at which they ought to have appeared according to the notice published in the Gazette, must not expect to have their papers valued or their results published. In all cases where permission has been granted, the memorandum or letter permitting the change should be produced for the satisfaction of the Superintendents.

9. Candidates may have to write their answers on both sides of the paper supplied to them and they will receive the necessary instruction on this point in the examination hall from the Chief Superintendent of the examination.

10. A candidate having completed his paper will rise from his seat and remain standing until the Superintendent takes his answer papers. Any candidate wishing to ask any question of the Superintendent will pursue the same course, but will on no account leave his place.

11. Any answer papers sent up without the candidate's name and number affixed will not be valued. The answer papers should be stitched or pinned together at the upper left-hand corner, and the whole folded in *two*, lengthwise (not crosswise into four). The place of examination and the name and number should be written out clearly by the candidates on the top right-hand side of the first page of the answer paper, as well as on the top of the paper after it is folded.

12. Candidates are forbidden to note down the answer to any question on the question paper itself; they will not be allowed to take any papers, except their question papers, out of the examination room.

13. Candidates are forbidden to tear up paper, or to throw ink or papers on the floor. All "spoilt copies, etc.," should be left on the desk where the candidate has been writing.

NOTICE TO MARINERS.

INDIA—WEST COAST—ALLEPPEY ANCHORAGE.

Vessels anchoring in the Alleppey Roadstead should take up a berth southwards of the pier with the light-house bearing about E.N.E., and as close to the shore as possible in order to obtain a quick despatch

The bottom shoals gradually and the depth of water in which to anchor should be decided according to the soundings obtained. Usually, steamers anchor much too far off shore and without due consideration being given to the set of the current or force of the wind.

The littoral current, close in shore, sets to the southward, sometimes as strongly as two knots when a strong sea breeze is blowing together with a flood tide, making it very difficult for cargo boats to fetch steamers anchored in the roads. Occasionally a return set to the northward is experienced, but it is usually very feeble. The prevailing winds are from the W.N.W.

Steamers with cargo to discharge should anchor close to, and to the southward of, steamers taking in cargo so that empty cargo boats from the latter may be able to fetch them Non-coasting steamers are usually taking in cargo.

During strong winds a careful look-out should be kept on cargo boats leaving the shore, and should they not be able to fetch a steamer she should shift her berth further southward,

If the above directions are followed it will seldom be necessary for steamers to shift their anchorage.

A mud-bank forms occasionally in the vicinity of the pier stretching along the coast for a few miles and gives perfectly smooth water, caution is therefore necessary in approaching the shore.

10. Subject to the provisions of section 18 of Act IV of 1898, the Karanavan shall have the right of management and of possession, on behalf of the tarawad, of all properties belonging to it, as also the guardianship of minors.

So far as this amount is concerned it shall be deemed to be his self-acquisition.

15. No debt contracted by the Karanavan or the Manager for the time being, shall bind the tarawad unless it be for tarawad necessity and is assented to by all the major anandiravans. The burden of proving such necessity shall always be on the creditor.

22. Every anandiravan of a tarawad has the right to see that the tarawad estate is properly administered by the Karanavan and is duly conserved for the use of the tarawad and that his or her right to succeed to the Karanavanship is in no way impaired.

23. Every anandiravan of a tarawad shall be entitled to apply to a competent court of original jurisdiction for a declaration that the Karanavan shall transact any specific matter in connection with and pertaining to the management of the tarawad in a definite manner if she or he has reasons to apprehend that the Karanavan is acting or is

about to act prejudicially to the interests of the tarawad. The Court shall after hearing the Karanavan and other members of the tarawad pass an order directing the Karanavan to act in the manner it thinks best in the interest of the tarawad.

24. Every anandiravan of a tarawad has the right to seek the removal of the Karanavan by a decree of court, if it can be shown that he is physically, mentally or morally incapable of transacting its affairs, or wilfully neglects to keep a proper account of the tarawad incomes and expenses, or that he habitually mismanages the concerns of the tarawad.

25. Any anandiravan of a tarawad shall be at liberty to give up his rights and interest in the tarawad by a registered deed of renunciation.

STATEMENT OF OBJECTS AND REASONS.

1. The object of this Bill is to define, regulate and limit the powers of the Karanavan and to make proper provision for the maintenance and better management of tarawads.

2. The tarawad system was originally built on the basis of mutual love and co-operation among the members of the tarawad, every one of whom contributed his share to the family corpus either in money or labour. The system worked remarkably well for a long time; but with the advance in education and change of outlook brought about by contact with the outer world on the one hand and the prolific growth of members in the tarawad on the other, the Malayalee has begun to care solely for his own personal comforts and gains and to acquire property for the benefit of his wife and children. This conflict between the new ideal and the old has resulted in misunderstandings and hostilities where love and co-operation once prevailed and the utter ruin of many a tarawad. The absolute and autocratic powers of the Karanavan, recognised and enforced by the courts, are, in the circumstances, grossly misused to his own self-aggrandisement. The anandiravans find themselves powerless, pitted against the entire resources of the tarawad, to prevent the malversation of the family properties. It is very difficult and costly, may impossible, to bring the Karanavan to account or seek to remove him through the help of the courts. Hundreds of tarawads that were once in affluent circumstances have consequently only a shrodded existence now.

The evil existed more or less in the same acute form in the neighbouring States of Cochin and Travancore where the respective Governments have recently made Regulations for the proper administration of tarawads. As a matter of fact, some sections of the Cochin Nayar Regulations have been embodied in this Bill.

The demand among the educated classes in Malabar is for a law to enable the partition of the tarawad ; and the representatives of the district in the old Legislative Council have more than once sought leave to introduce Bills for partial and total partition. Their attempts did not, however, fructify as they could not get the moral support of the people concerned for such a revolutionary measure. The tarawad system has many redeeming features which are seldom met with in any society and there is a strong opinion among the people who follow it to purge the evils out of it and modify the law governing it, in order to make it suitable to the modern conditions of life. The Bill therefore, besides codifying certain customs that have already the force of law, aims only at introducing such new provisions as are absolutely necessary to meet this demand.

3. *Chapter I* as usual deals with definitions

Chapter II deals with the tarawad properties and the purposes to which tarawad income can be devoted. Provision is also made to validate reasonable family karars and arrangements to which three-fourths of the adult members of every branch constituting the tarawad are parties. This has been found necessary on account of a very large number of Malayalis living outside the district and in foreign lands for professional and other business

Chapter III.—The Karanavan is made liable to keep a true and correct account of the tarawad incomes and expenses and make it available for inspection to the major anandiravans once a year. He is also allowed to appropriate 5 per cent of the net income of the tarawad as remuneration for his labours His powers of borrowing and encumbering or otherwise dealing with properties are limited. Religious renunciacy is made a bar to accession to Karanavanship.

Chapter IV dealing with anandiravans and their privileges may seem to be slightly controversial Anandiravans are allowed maintenance even if they live outside the tarawad house. Section 23 provides that an anandiravan may apply to a court to direct the Karanavan to transact any specific matter connected with the tarawad management in a definite manner This is the only practicable way in which his voice can be made to prevail without impeding the Karanavan's work of management. The mere existence of a statutory provision like this is sure to have a deterrent effect on him and it cannot be said that this section or the next will lead to unnecessary litigation.

BILL No. 19 of 1924

A Bill to amend the Tuticorin Port Trust Act

WHEREAS it is expedient to amend the Tuticorin Port Trust Act, 1924; It is hereby enacted as follows:— 31 of 1924.

1. This Act may be called the Tuticorin Port Trust (Amendment) Act, 1924.

2. In Section 6 (1) of the Act the following amendments shall be made:—

(*a*) after the words, "*elected by*" insert the word "*all*".

(*b*) for the words, "*the Tuticorin Chamber of Commerce*" substitute "*any Chamber or Chambers of Commerce at Tuticorin*".

3. This Act shall have retrospective effect as from the date of Act II of 1921.

STATEMENT OF OBJECTS AND REASONS.

Under the existing Act the constituency described as "the Tuticorin Chamber of Commerce" can refer to only one chamber. Accordingly it has been identified with European Chamber of Commerce at Tuticorin with the result that three members have been elected by that chamber. As there are two chambers of commerce at Tuticorin, one Indian and the other European, it is necessary to rectify the wording in the section to bring it into conformity with the actual state of affairs.
